MEMORANDUM TO THE FILE

Subject: Exercise of the Period of Performance of Option Year 1

Background

This BPA was established for Comprehensive Professional Energy Services (CPES). The BPA will offer federal agencies comprehensive professional energy services support for Recovery and non-Recovery Act projects that comply with energy efficiency and green building requirements. These projects are envisioned to result in job creation, construction of new facilities, and transformation of Federal buildings into high-performance green buildings, while decreasing energy consumption (water, mechanical, electrical and plumbing building components) and improving the condition of valuable aging assets.

Description of Action

The purpose of modification PA004 to BPA number GS-23F-PE006 is to exercise the Period of Performance of Option Year 1: January 1, 2011 through December 31, 2011.

EMR's CCR certification is valid through June 8, 2011, and its ORCA certification is valid through January 27, 2011. As of December 9, 2010, this firm was not listed on the EPLS.

Since this is a BPA, funding is not required.

All other terms and conditions of the BPA shall remain the same.
